

## **MCE Partners With Children In Need, Inc.**

MCE has partnered with the [Children In Need](#) (CIN) charity to provide underprivileged children with the resources needed to begin the school year. MCE has manufactured and donated five drop boxes that will be placed throughout Washington County for the collection of gently used clothing and shoes.

In addition to donating drop boxes, MCE is also sponsoring an employee school supply drive. All materials collected will be given to CIN.

CIN's primary mission is to equip children with the resources needed for learning, while also instilling a strong sense of belonging. Every July and August, CIN gives school supplies to 1000+ children in each grade level. They also replenish the supplies in January so each child has a fresh stock to begin the new term.
